

*An education for life built on Catholic faith,
academic excellence, and community
Una educación para la vida basada en la fe
católica, la excelencia académica y la
comunidad*

Welcome to a new year at St. Patrick School in Pasco!

Our dual language program is in full force this year with a 50-50 model being used in Pre-K, Kindergarten and First Grades. Additionally, all other grades (2-8) receive Spanish instruction 3 days a week.

Almost the entire school staff returned this fall – that continuity is a blessing for everyone!

Students will enjoy Specials in Art, Technology and STEM as well as in PE. As always, our school mass takes place every week with students doing the reading, the serving and the singing. Catholic schools are about investing in our future, and that investment begins in the church.

If you are not yet a member of our St. Patrick community, consider if this could be a great fit. With class sizes of less than 20 students, students here receive outstanding academics, and grow up in a community where they are loved.

If you were a student at St. Patrick School and would like to be involved in our alumni programs, please contact the office and we will make sure you are connected to the alumni group.

Finally, donations are always needed to support our generous tuition assistance commitment. If you would like to talk to someone about how you can be a part of our financial future, please contact the office.

Thank you for your support and continued prayers,

Arlene M. Jones

Principal
